We learn that there is some money now on hand which will be given to the depositors pro rata.

The warm weather is filling our mountain homes with visitors from different sections of the State. We hope they will continue to come, as we feel assured they could not find a more pleasant place anywhere than Jefferson.

Mountain Messenger.

The Raleigh News says E. R. Dudley, the State lecturer of the colored organization of Good Templars, gave us a call yesterday. He has just returned from a very successful tour in the West, and is en route to the Raleigh & Gaston railroad section. He has organized quite a number of lodges, and we are glad to hear that the colored people are taking hold of the movement in earnest, and much good is being accomplished by the energetic canvass of Dudley. We have known the lecturer for some time past, know him to be a good man, and can with confidence commend him to our friends on his new route.

ACCIDENT ON THE A. & N. C. R. R.--The down freight and a gravel train on the A. & N. C. R. R., collided yesterday morning, near Core Creek, about 8 miles from this city, and the result, fortunately, was not fatal or injurious to human life, although much damage was done to one engine and two cars of the freight train. The engine, Grant, of the freight, was badly damaged; the Fisher, of the gravel train, slightly. It appears that the gravel train was standing still on the track when the freight came in sight and blew "down brakes," but too late to prevent a collision as it was down grade and the freight heavily loaded with thirteen cars. The damage done, we heard roughly estimated at five or six thousand dollars. The mail train was delayed only a short time, and will probably be detained a short time to-day, as a transfer will have to be made past the wreck. We did not learn of the slightest injury received by any of the train hands which was most fortunate, as all stood to their posts and did what they could to prevent the collision. We did not learn what caused the gravel train to be in the way of the freight, but the probable cause was lack of steam on the Fisher to get out of the way or back down. This is the first accident worth mentioning on this road for a long time, except the blowing up of the Colfax, and as no lives or limbs were lost this time, although this is an expensive one, it should be considered a lucky one, as they will occur despite all care and precaution.

THE CHARLOTTE OBSERVER says: "On Saturday morning last, about 11 o'clock, a terrible accident befell two men, John Ewing and his son John, about 4 miles from this place. The men were digging a well for Mr. William Rankin, in Sharon township. It was found necessary to blast some rocks in the bottom of the well, which at the time of the catastrophe had been dug 38 feet below the surface of the earth. They were both in the well when fire was prematurely applied or communicated to the fuse, and the explosion took place with a terrific noise. The men were hurled from the well, accompanied by thousands of fragments of rocks.

The Elder Ewing sustained more serious injury than the other. He had a leg broken, and was bruised up considerably about the head and other parts of his body. The younger man had no bones broken. He is seriously and painfully injured, however, in different ways and on different parts of his person. Dr. J. P. Combs was called to the relief of the men. He bound up their wounds and made them as comfortable as possible under the circumstances. They were carried through town yesterday morning, on the way to their home east of here. They presented a sad spectacle. We did not learn the exact extent of the injuries of the men, or whether the injuries are likely to prove fatal or not."

You know how it is yourself--Young Paddy McGhee, sure no lad could be bolder, coaxed Biddy McGhee to be sharing his lot, and Pat had a lively pig on his shoulder, and she on her head bore a big iron pot. From the town just at nightfall, as home they were walking, through a dark, lonely thicket, their winding path lay; Biddy sat down the pot, and stopped her laughing and talking; Paddy turned round and asked her the cause of the delay. "Oh," says she, "I'm afraid you'll be acting uncivil; I'll not go alone through the thicket with you; for Paddy, avick, you are as wild as the devil; you'll be kissing an' squeezing me, that's what you'll do." "But the pig," replied Pat, "that I've lugged so securely, if loose, back to town like the devil, he'd trot." "Och, Paddy," said she, as she glanced up demurely, "it's put the pig under the pot."

Whom did Adam marry, and when did he marry? One Eve.

What was her bridal dress? Barely nothing.

Not even a ribbon? No, she had no need of one; she was a rib-bone herself.

When Adam and Eve were in the garden picking apples? In the Fall.

What was the first apple they took in the sugar business? Raising Cain.

Why did not Cain make good sugar? Because he wasn't a sugar.

Who was the wisest man? Knowledge (Noah).

What did he know? He knew enough to go in out of the rain.

Dr. Mary Walker has been appointed to a clerkship of class one in the office of the United States Treasurer.

STATE ITEMS.

The News says the Supreme Court will adjourn on Saturday.

Three prisoners broke out of the Pitt county jail on the night of 13th inst.

GRANGES are to be organized in all of the tax precincts of Mecklenburg county.

Judge A. W. Tourge has returned to Greensboro' from Philadelphia, where he had a successful operation performed on his eye, and his condition is much improved.

The Magnolia Monitor says: Last Sunday was noted here as being an extra rainy day. There fell 3 1/2 inches of water, in an open vessel, in our yard on that day.

The Southern Home, of the 21st inst., says that the store of S. D. Black, at Cherryville, was burned on the morning of the 15th. The loss is \$4,000 and no insurance. The origin of the fire is not known.

The Raleigh News thinks the fool-killer could make a very profitable engagement in those parts. The Post thinks that if the old fellow took a job in Raleigh, the first thing he did would be to throw a Stone. Look out.

The Legislative Commissioners for the Western North Carolina Railroad, which met in Morganton on Thursday last, have adjourned, subject to the call of the chairman. No part of their proceedings were of a public nature, and we cannot tell what transpired.

From the Mountain Messenger of Jefferson, Ashe county, we learn that Mr. Charles Todd, of Watauga county, met with a serious accident in a mica mine. The rope hoisting the bucket gave way, causing it to fall with fearful force upon his head. It is thought the skull is not fractured, and hopes of his recovery are entertained.

The Goldsboro' Messenger says: "A strange coincidence comes to us from Duplin county. A Mrs. Swinson died there on the 9th of July, and what is remarkable is that her husband died on the 9th of July, thirteen years ago. Our informant states that on the day of her husband's death Mrs. Swinson predicted that she would die on the same date thirteen years after, and so she did. What is more strange, the couple were both born on the 9th of July, and also married on the 9th of July."

The Goldsboro' Messenger, of the 21st instant, says: "We learn that the Mortgages of the Fair Grounds property have determined to sell the property under foreclosure of their mortgage. If this is done, it will doubtless put an end to the Fair business. Will the citizens of Goldsboro', we mean those who have so far held back, permit the enterprise to go by default? Only about \$1,000 were needed, in addition to the amounts pledged, to enable the Directors to hold the Fair. Surely Goldsboro' cannot afford to let the Fair die on her hands."

The Raleigh News says: "John Nichols, Esq., Grand Master of Masons of North Carolina, has received an invitation to be present on the occasion of the dedication of the new Masonic Temple at Philadelphia, on the 20th of September next. The invitation is accompanied by a photograph of the magnificent structure, which will be an ornament given to Philadelphia. It is situated on the S. E. corner of Broad and Filbert streets, and is built of granite from Massachusetts and Maine, and cost \$1,500,000.

You know how it is yourself--Young Paddy McGhee, sure no lad could be bolder, coaxed Biddy McGhee to be sharing his lot, and Pat had a lively pig on his shoulder, and she on her head bore a big iron pot. SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universal-ly admitted to be the handsomest period-ical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the most specimens of a artist's skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE, will be more appreciated after it has been up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—tho-roughly without a competitor in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for THE ALDINE, cost, and then there are the chrome besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, avoiding such as have become familiar through photographs, or copies of any kind.

The quarterly number, for 1873, will reproduce four of John S. Davis' imimitable child-sketches; appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, but as the usefulness and attractions of THE ALDINE can be enhanced and time to perfection, the publishers propose to make "assurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a pair of beautiful oil paintings, each of the most eminent English painter. The pictures entitled "The Village Belle" and "Crossing the Moor" are 14x20 inches—are printed from 35 different plates, requiring 25 im-pressions and time to perfect each picture. The same chromos are sold for \$30 per pair in the art stores. As it is the determination of the conductors to keep THE ALDINE out of the reach of the publisher in every department, the chromos will be offered correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publisher, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a periodical, will be an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel fills little short of a miracle, even to those best acquainted with the cost of such a venture. The inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.)

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free. THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the literature of THE ALDINE, in case where the certificate is given, bearing the fact-simile signature of J. S. Sutton & Co. AGENTS WANTED.

Any person wishing to act permanently as a local agent, will receive full and prompt information by applying to J. S. SUTTON & CO., Publishers, No. 58 Maiden Lane, New York.

THE FASHIONABLE SOUVENIR, FOR THE HOLIDAY SEASON.

This year we mark the mark on THE SUPERB VOLUME OF THE ALDINE. Richly bound in morocco cloth, assorted colors, beveled boards, red edges, gilt on back and side—a truly royal volume—a gallery of the art engravings that will be at once a great pleasure to the recipient, and a demonstration of the taste of the donor. There are about 200 plates, most of which could not be matched in size or quality in the art stores at a dollar each. They comprise designs by the leading painters and draughtsmen of day, giving the widest range of figure, animal and landscape subjects, combined with pure, light and graceful literature, edited by the poet scholar, Richard Henry Stoddard, forming a most attractive ornament for the parlor or library.

The Times will have no superior; it will be for the family, for the school, for the farmer, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL.

The Times will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The Times stood alone in demanding Reform from 1860 to the year of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the Times. But it will not confine its assistance to mere resolutions and denunciations; it will reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity. It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly Times: One copy, one year, \$3; two copies, one year, \$5; ten copies, one year, \$25—and one extra copy free.

These prices are invariable. Remit in drafts on New York or Post-office Money Orders, if possible, and where neither of these can be procured, send the money in a registered letter. All Post-masters are obliged to register letters when requested to do so, and the system is an absolute protection against losses by mail. Address THE NEW YORK TIMES, New York City.
